THRIVING IN THE CRYPTO WINTER

Dee Nazaire, Past Chairperson, The Guap Foundation

In July, the crypto market recovered from its bleak performance in June. Crypto prices climbed 20% in July, with Guapcoin rebounding xx. This month we are once again experiencing severe volatility in the crypto markets lead by the "crypto winter" and the collapse of the FtX exchange. Yet, this time Guapcoin did not follow the downward market trend. It has held steady.

We must continue with alternative currencies because we are building an ecosystem that will support us in the event further economic downfall. Be it crippling inflation, the collapse of institutions or pandemic, we can weather the storm with a community currency.

We know blockchain technology and the digital asset ecosystem are here to stay,

As Guap Honors recipient Cleve Mesidor has stated so well:

"We've learned that get-rich-quick schemes in this society rarely benefit us. This is not about, 'oh my god, the price of crypto'. It's about building products and services, breaking down barriers, creating access for people.

Are you in for the long haul?

This month I step down as Chairperson of TGF. It's been a roller coaster ride, yet I remain in for the long haul. Dr. Lovely Bradley has been voted in as the new Chairperson of TGF. Please welcome and support her!

GUAP GOVERNOR'S QUARTERLY SESSION

The last Guapcoin Governor's session was held on 23 August 2022 AT 7 PM EST via Zoom. Below is a summary of the items covered.

- DAO Status Update
- Draft DAO Policy for Community Input
- Guapcoin Customer Satisfaction
- TGF New Board Members
- Open TGF Positions
- Community Engagement

"Community is much more than belonging to something; it's about doing something that makes belonging matter."

ARE YOU SITTING ON YOUR GOVERNOR'S THRONE?

If you are a Governor/masternode holder who did not receive the replay link via email, please share your contact information to receive future Governor perks here.

Governor sessions are held once a quarter. The next session will be held in December 2022. Date to be announced via Telegram and other social media sites. An invitation link will be emailed to the TGF Governor distribution list. Not on it yet? Sign up here.

Project Highlights

DOA FUNDRAISER

New DAOs are cropping up left and right every day. Most Web 3.0 platforms are jumping on board, and the Guapcoin community has a vested interest in making the DAO a success.

The Guapcoin DAO Community is seeking support to deliver the previously promised DAO Treasury. Our Guapcoin Community includes everyone who is a stakeholder in Guapcoin. We intend to finish the promise we made to ourselves of completing this instrumental development of a DAO Treasury. This Treasury will propel our Guapcoin Community by raising the potential level of interaction and expanding Community engagement.

PROJECTS & USE CASES

1 MILLION WALLETS CAMPAIGN

In collaboration with the Guapcoin 1 Million Wallet Campaign, TGF is promoting adoption of desktop wallets via Masternode creation. Masternodes strenghten the blockchain as they create, verify and validate new blocks on the blockchain.

Kudos to Cory Henry, TGF Education Director, who has trained and engaged multiple new MN Governors with desktop wallets!

GUAP REWARDS & INCENTIVES

The Guap Foundation has launched a Community Incentive Program to encourage community members to get educated in cryptocurrency, open desktop wallets, and share Guapcoin social media content.

Incentive Plan:
Complete a Live TGF course - 100 $GUAP
Complete a Replay - 50 $GUAP
Open a Desktop wallet - 50 $GUAP
Share Social Media -25 $GUAP

Rewards are subject to verification via survey completion.

In addition there are development incentives; engineers and developers will receive bounties for uncovering bugs in software and software development teams to continue to maintain the core network. Contact guapfoundationglobal@gmail.com if you are interested.

MERCHANT CORNER

If you are a merchant that accepts $GUAP as a payment option, be sure to include yourself on the Guap Merchant list by submitting your listing.

Using $GUAP as a currency is essential to quickening the pace of Guapcoin value and adoption. Guapcoin's peer to peer (p2p) use, specifically for trade and commerce, gives us the unique opportunity to create and recreate our own economic ecosystems. Every strong nation has a strong business and economic sector. We can build the same. Start buying and selling using $GUAP!

Reminder: To support Coinpayment use, $GUAP must have a rank at or above 5,000 on Coinmarketcap. $GUAP is still below the 5,000 threshold, making Coinpayments unaccessible. The ranking is based on ProBit activity, so please buy and sell $GUAP on ProBit to get the ranking up! Especially on GUAP Friday (every Friday)!

EVEGROCER
SUSTAINABLE MARKETPLACE

EVEGROCER

Evegrocer's vision is to make daily consumption of basic necessities less invasive to our environment. Their aim is to improve the overall quality of life for future generations.

When we raise our volume to the point that we are ranked at 5,000 or below on Coin Payments, this retailer will be able to accept GUAP again.

To find out more about Evegrocer go to their website.

FOOD EARTH BIRTH

Food Earth Birth, founded by Andrea Blanton, is a small company rooted in earth-based services including small seasonal catering, herbal tea ceremony, and natural birth work. While honoring the earth, they center on environmental sustainability and local economy.

Food Earth Birth offers seasonal catering and tea ceremonies, teaches the basics of gardening and land ownership, and provides doula services.
